DEPOSITS AND PROGRESS PAYMENTS: An advance deposit will be required as follows:

All advance deposits will be nonrefundable due to TAS' commitment of a work slot and labor and/or the ordering of parts or components.

The total balance due must be paid in full within (3) three days of the Aircraft being returned to service or prior to Aircraft departure from TAS, whichever occurs first. If the Customer has an open credit account with TAS, the total balance due, not to exceed the credit limit, can be applied to the open credit account when the account is in good standing. Customer is responsible for payment of all amounts due prior to aircraft departure for projects related to Engine Overhauls, Pre-Buy transactions, or where the Customer is seeking reimbursement through insurance coverage. Customer remains liable for any charges for which warranty coverage has been requested but is denied.
